Daily Skilled Nursing Indemnity	
PPO Network	
Group Dental Plan	
Group Vision	

* Required

Video description: A man in a blue shirt sits at a desk with a laptop, looking surprised. Papers with 'ER?' are on the desk.

Goal:

The goal is two-fold:

(a) To explain and educate the consumer about healthcare - all of the options - and alternatives. The consumer needs to have their questions answered - and GetABBY's AVATAR technology does just that. GetABBY's AVATAR technology has been shown to provide both top-line and bottom-line growth.

The second goal:

(b) To lower enrollment costs. As the new Healthcare Plan is being rolled out - the entire industry is being forced into cost savings and controls - that will further streamline healthcare delivery and education. ABBY is there to meet those challenges.
